# The Women's Compensation Board

PROVINCE OF ALBERTA

FOR THE YEAR ENDED DECEMBER 31ST

1928

PRINTED BY ORDER OF THE LEGISLATIVE ASSEMBLY

REPORT FOR THE YEAR 1926  
OF  
THE WORKMEN'S COMPENSATION BOARD  
PROVINCE OF ALBERTA

To the Lieutenant Governor in Council:

Your Honour:—

Edmonton, Alberta.  
February 10th, 1927.

To the President of the Executive Council,  
Province of Alberta,  
Edmonton.

Sir:—

In accordance with Section 19, of The Workmen's Compensation Act (Accident Fund), The Workmen's Compensation Board herewith submits a report of its proceedings for the year ended December 31st, 1926.

JOHN T. STIRLING, Chairman.  
W. F. McNEILL, Commissioner.  
J. A. KINNEY, Commissioner.

## REPORT FOR THE YEAR 1926

of

### THE WORKMEN'S COMPENSATION BOARD PROVINCE OF ALBERTA.

To the Lieutenant Governor in Council:

Your Honour:—

During the year 1926 there were 8,930 accidents reported to the Board, an increase of 575 or 6.88 per cent. over the year 1925, of these 58 proved fatal, 87 resulted in some permanent disability and 8,785 were of a temporary nature; 73.14 per cent. of the workmen to whom these accidents happened are of British allegiance.

Assessments levied during the year together with those outstanding at December 31, 1925, totalled \$854,446.21, of this amount \$783,725.84 was collected, \$48,600.00 was cancelled (owing to overestimate of payrolls or cessation of operations), leaving a balance of \$22,120.37 unpaid at December 31, 1926.

Total receipts for the year on account of Medical Aid were \$186,969.56, while payments for medical services amounted to \$124,137.70.

During the year compensation totalling \$298,404.40 was paid: \$391,005.98 was transferred to the Pension Fund to cover awards in the case of permanent disabilities and fatal accidents, and \$234,770.42 was paid to pensioners. In addition to this \$97,426.00 was set up as a liability to cover pending claims.

The expense of administration (excluding that made on account of Mine Rescue) was \$74,790.66 or 6.89 per cent. of collections.

Since the Act became effective, on August 1, 1918, up to December 31, 1926, there has been paid to workmen compensation totalling \$2,180,680.38. In addition to this sum there has been awarded and set aside in the Pension Fund the sum of \$2,109,135.78, out of which \$789,045.65 has been paid to workmen to whom accidents resulted in permanent disabilities and to dependants of workmen to whom accidents proved fatal. The balance at the credit of this fund at the close of

the year 1926, was \$1,596,301.08, out of which 174 widows and 370 children of deceased workmen, as well as 231 workmen who met with permanent disabilities are receiving monthly payments.

Payments for medical services since the inception of the Act up to December 31, 1926, total \$887,779.42. This cost is borne by the workmen, but it should be noted, however, that in a large number of cases medical aid is provided under Medical Contracts so that the Board is not responsible for the payment of medical aid in these cases.

Under the provisions of Privy Council Order No. 4432 \$9,930.50 was refunded to the Board by the Department of Soldiers' Civil Re-Establishment on account of compensation and medical aid payments made to workmen to which The Workmen's Compensation Act (Accident Fund) applies.

The Board wishes to express its appreciation of the co-operation given by those who came within the scope of the Act, and by the medical profession, who are required to render reports to the Board, this being particularly essential to satisfactory administration. While employers are acquiring a much better knowledge of the requirements of the Act, it was, nevertheless, found necessary to lay information for violation in a number of instances.

The Board also expresses its appreciation to the Provincial Government for the use of office accommodation and to the staff for their efficient and careful services.

Of the Tables hereto attached, 1 to 18 inclusive, cover the various financial transactions during the year, 19 and 20 cover the classifications of operation, rates of assessment, payrolls of, and number of persons employed in the various industries within the scope of the Act, while Tables 21 to 30 inclusive deal with statistics in respect to reported and finalised accidents and claims.

Reports with reference to Mine Rescue, First Aid and Accident Prevention and Electrical Protection, covering a resume of the various activities during the year pertaining to each, are hereto attached.

#### AUDITOR'S CERTIFICATE.

Edmonton, February 7, 1927.

I have audited the books and accounts of The Workmen's Compensation Board, Alberta, for the year ended December 31, 1926, and the above Balance Sheet and the accompanying relative tables numbered "1" to "9" inclusive are correctly prepared therefrom and are as shown by the books. During the year receipts from all sources were examined, and cash and securities were verified by actual inspection, or by certificate from the bank.

I CERTIFY THAT, in my opinion, the above Balance Sheet is properly drawn up so as to reflect the financial position of the Board on December 31, 1926, and the accompanying relative tables show the result of operations for the fiscal year ended at that date.

JAMES C. THOMPSON, C. A.

Provincial Auditor.

TABLE 19.

## CLASSIFICATION OF SCHEDULES 1, 2 and 3, SHOWING SUB-CLASSES, AND THE ACTUAL RATES OF ASSESSMENT FOR THE YEAR 1926

Class	Sub Class.	Description of Operations	Actual Rate 1926.
<b>Schedule 1.</b>			
1		Employment in or about coal mines.....	\$ 3.00
5		Employees of workmen.....	3.00
6		Employment in or about stripping pits.....	3.00
		NOTE—the above includes a rate of 50c for Mine Rescue Service.	
<b>Schedule 2.</b>			
13	1	Lumbering and logging (woods operations).....	\$ 3.50
	2	Sawmills and shingle mills.....	3.50
	3	Planing mills and carpenter work in shop.....	1.00
	4	Lumber yards (including delivery).....	.25
	5	Manufacture of wooden boxes.....	3.50
	6	Manufacture of furniture.....	1.25
	7	Manufacture of boats, canoes artificial limbs and upholstery.....	.50
	8	Manufacture of mattresses and bedsprings.....	2.00
15	1	Sand, shale, clay and gravel pits, mfg. of brick, tile and sewer pipe, cement (including quarrying).....	2.50
	3	Manufacture of glass products.....	.50
	4	Manufacture of cement and concrete (not quarrying).....	1.00
	8	Lime kilns (with quarrying).....	1.50
		Lime kilns (without quarrying).....	1.00
	9	Marble works, stone cutting.....	.75
	10	Natural or artificial gas, oil, and natural ice operations.....	3.00
	11	Manufacture of paint and chemicals, refining of oil.....	2.00
	13	Manufacture of artificial ice.....	1.25
	14	Boring, drilling and sinking of artesian wells.....	1.75
	18	Creosoting of timbers.....	2.25
	19	Manufacture of by-products from coal.....	2.00
20	1	Garages.....	.50
	2	Blacksmith shops.....	1.25
	3	Machine shops, tinsmith, sheet metal works, locksmiths, gunsmiths, gas and electric welding.....	.75
	6	Ornamental iron works, foundries.....	1.00
	9	Rolling Mills.....	3.00
	10	Fabrication of structural steel, iron or metal.....	2.00
	11	Manufacturing of agricultural implements and vehicles.....	.75
	13	Manufacturing of typewriters, cash registers, adding machines, rubber stamps and stencils.....	.50
	15	Manufacturing of gold, silverware and jewelry.....	.25
27	1	Grain Elevators, mfg. of cereals and cattle foods.....	.50
	2	Flour milling.....	1.50
	4	Manufacturing of liquors and beverages.....	1.25
	5	Packing plants, abbatoirs, mfg. of meat products.....	.50
	7	Manufacture of soap and toilet preparations.....	.75
	9	Bottling works and aerated waters.....	1.00
	10	Manufacturing of wines, vinegars and ciders.....	.50
37	1	Warehousing and storage.....	.15
	2	Teaming and cartage.....	2.25
	3	Wood and coal yards (including delivery).....	1.00
	4	Manufacturing of food products.....	.25
	5	Bakeries (including delivery).....	.50
	6	Creameries (including delivery).....	1.25
	7	Manufacturing of wearing apparel, textiles and fabrics.....	.25
	8	Power laundries, cleaning and dyeing.....	.50
	9	Printing and lithographing.....	.25
	10	Moving picture theatres.....	.50
	12	Manufacturing of leather goods, rubber goods and tobacco products.....	.25
	16	Scrap and junk dealers.....	.75

TABLE 19—(Continued)

Class	Sub Class.	Description of Operations.	Actual Rate 1926.
	17	Livery stables and motor taxis.....	1.75
	18	Aeroplane transportation (flying).....	10.00
		(ground mechanics only).....	.50
	19	Janitors (by application).....	.75
	20	Mail contractors.....	1.00
	21	Storage of furniture (with cartage).....	1.00
	22	Elevators (passenger and freight) and janitors.....	2.50
	23	Retail stores (by application).....	.50
39	1	Building trades—general construction, concrete and cement work, plumbing, bricklaying, masonry, car- pentry, lathing, plastering, floor laying, painting, roofing, electric wiring, gas and steamfitting.....	1.50
	15	Sewer construction, tunnelling, well digging and exca- vation for foundations.....	2.50
	17	Trenching, less than 6 feet deep, street paving without blasting.....	1.50
	20	Road making and culvert construction (without blast- ing) and railway roadbed construction.....	2.00
	22	Roadmaking and street paving (with blasting).....	4.00
	23	House wrecking and house moving.....	1.50
	24	Electric light and power plants, telephone and telegraph line construction.....	1.00
	26	Steel building construction less than 4 stories.....	3.00
	27	Installation of elevators, fire escapes, engines, boilers and machinery.....	1.50
	30	Irrigation operations.....	.75
	32	Fishing.....	2.25
	33	Boat and vessel transportation.....	1.00
	34	Window cleaning.....	1.50
	35	Exhibition associations.....	.75
	37	Mechanics (not otherwise classified).....	.75
45		Railway express companies.....	.25
89	1	Municipal corporations (towns and villages).....	1.00
	2	Municipal districts.....	1.25
	3	City of Calgary.....	.50
	4	City of Edmonton.....	.50
	5	City of Lethbridge.....	1.50
	6	City of Medicine Hat.....	1.50
91		Canadian Pacific Railway.....	.75
93		Canadian National Railway.....	.75
94		E. D. & B. C. Railway.....	.50
97	1	University of Alberta.....	.50
	2	City and Separate School Boards.....	.25
	3	Town and Consolidated School Boards.....	.25
98	1	A. & G. W. Railway.....	.75
	2	L. & N. W. Railway.....	.50
99		The Workmen's Compensation Board.	
<b>Schedule 3.</b>			
95		Employment by Dominion Government.....	Deposit
96		Employment by Provincial Government.....	Deposit

 In 1 case injured survived less than 49 days after accident.  
 In 1 case injured survived less than 419 days after accident.

## MINE RESCUE AND FIRST AID WORK.

During the year 1926 Mine Rescue Cars were in operation in the Edmonton, Drumheller, Mountain Park and Crow's Nest Pass districts, while Stations were maintained at Lethbridge, Coalhurst, Diamond City, Nordegg, Canmore, Taber and Brule.

Mine Rescue and First Aid competitions were held at Edmonton and Mountain Park, under the auspices of the Canadian Institute of Mining and Metallurgy and The Workmen's Compensation Board. At the Edmonton competition, out of maximum marks of 750 allowed for Mine Rescue work, Drumheller obtained 689, Black Diamond and Penn Mines each obtained 670, Evansburg 660, Fraser-Mackay 655 and Chinook 650.

In the Men's Senior First Aid, out of maximum marks of 800, Drumheller obtained 794, Canmore 781½, Chinook 716 and the C. N. R. 706.

In the Girls' First Aid, out of maximum marks of 800, Sixth Troop of Girl Guides obtained 702, No. 1 Garneau Fifth Troop 684, No. 2 Garneau Fifth Troop 647, Cheerio C. G. I. T. Metropolitan Church 636, and the Salvation Army Guards 602.

In the Boys' First Aid, out of maximum marks of 800, Westmout School C. N. R. Mascots obtained 763, No. 6 Troop Boy Scouts 736, and Queen Alexandra Cadets 607½.

The Mountain Park competition was held under the auspices of the Macleod-Athabasca branch of the Canadian Institute of Mining and Metallurgy and The Workmen's Compensation Board. In the Mine Rescue contest the shield, together with individual gold medals, presented by the Macleod-Athabasca branch of the Canadian Institute of Mining and Metallurgy was won by Cadomin No. 1 team, which obtained a total of 675 marks out of a maximum of 750. Second prize, consisting of silver medals, was won by the Luscar team which obtained a total of 600 marks.

The Senior First Aid was won by the Mountain Park team with total marks of 691 out of 800, the prize being a silver cup, together with individual gold medals, presented by the Cadomin Coal Co., Ltd. The second prize consisting of silver medals was won by Cadomin No. 1 team, with a total of 667 marks.

In the Ladies' Competition the only ladies' team entered obtained 637 marks and as the Committee considered their work of such high quality the first prize, consisting of gold breast pins, was awarded them.

As the Drumheller team obtained higher marks in the Mine Rescue contest at Edmonton than did the Cadomin team at Mountain Park, they are entitled to hold the Hon. Herbert Greenfield Shield emblematic of the Provincial Championship.

The Mine Rescue course of training covers a period of twelve days, twenty-four hours in all, but a certificate to a successful candidate is not issued unless he is either in possession of a First Aid Certificate granted by the St. John Ambulance or St. Andrew Ambulance Association or an Industrial Certificate granted by The Workmen's Compensation Board. No person is permitted to take the Mine Rescue training or use the apparatus until he has undergone a medical examination and has been satisfactorily reported upon.

Good results are being obtained and progress is being made in the continued training of mine employees in Mine Rescue Work and First Aid to the Injured.

Especially good work was done by the Mine Rescue teams engaged in Mine Rescue after the recent explosions at The Hillcrest Collieries, Ltd., Hillcrest and The McGillivray Creek Coal & Coke Co., Ltd., Coleman.

The following table shows the number of men from various districts who took Mine Rescue Training and qualified for certificates during the year 1926:

## INSPECTION DEPARTMENT.

Edmonton, February 1st, 1927.

The Workmen's Compensation Board,  
Edmonton, Alberta.

Dear Sirs:

I herewith submit my report for the year ended December 31, 1926.

Accident Prevention Committees, which now number three hundred and twenty-four, have been active during the year and have rendered good service in co-operating with employers and the Board. As there are now four hundred and sixty-two First Aid Service Kits in use in the Province and a large number of workmen who have taken the course of instruction in First Aid, the degree of disability in many accidents has been greatly reduced by means of First Aid.

The organizing of classes in First Aid to the Injured was continued with gratifying results, and the Board is indebted to members of the medical profession and the practical instructors who gratuitously gave their time during the period of instruction. Many classes in the Province are now undergoing a course of instruction in First Aid to the Injured, the examination for which will be held in the near future.

Employees of the Northwestern Utilities, Ltd., Edmonton, recently completed a course of instruction in resuscitation from electrical shock, drowning and gas fumes, and the Company is grateful to the Board for the opportunity afforded their workmen to obtain such a valuable course.

Considerable difficulty was experienced in previous years in grinding operations due to the neglect of workmen to use the protective devices, but this condition is being rapidly overcome by the system of follow-up on the occurrence of such accidents.

Good assistance was given by employers and workmen in conforming to the regulations pertaining to building construction and excavation work. Owners of grain elevators also are co-operating in having their operations conform to the regulations.

It will be seen from the accompanying table that there has been an increase in the number of Accident Prevention Committees appointed during the year and in the number of First Aid Kits provided in accordance with the regulations of the Board.

The number of workmen from the various districts who qualified and received Industrial Certificates granted by The Workmen's Compensation Board during the year 1926 is as follows:

	Male.	Female.
Edmonton .....	14	
Big Valley .....	9	
Evansburg .....	10	
Drumheller .....	20	
Canmore .....	3	
Mountain Park .....	9	6
Blairmore .....	8	
Brule .....	5	5
Bellevue .....	14	
Hillcrest .....	8	
Rosedale .....	16	
<b>Total</b> .....	<b>116</b>	<b>11</b>

#### FIRST AID AND ACCIDENT PREVENTION.

	1921	1922	1923	1924	1925	1926.....	Total
1. Holders of Certificates of efficiency in First Aid granted by The Workmen's Compensation Board	460	320	234	367	338	127	1846
2. Holders of Certificates of efficiency in First Aid granted by St. John Ambulance Association under the auspices of The Workmen's Compensation Board	496	331	352	335	210	151	1875

7. Number of First Aid Kits provided .....	109	145	196	399	431	462	

Yours truly,

W. J. HILL, Inspector.

## THE ELECTRICAL PROTECTION ACT.

Calgary, December 31, 1926.

The Workmen's Compensation Board,  
Edmonton, Alberta.

Dear Sirs:

I herewith submit my report for the year ended December 31, 1926.

The past year shows a marked improvement in electrical development. Various changes and improvements were made in existing plants. A number of new plants were installed and others are under way. A number of transmission lines have been extended to serve new territory and while some of this work was started late in the season and carried on under great difficulties due to unfavorable weather and heavy snowfall, nevertheless it has been completed and is now in operation.

Satisfactory progress has been made in having the provisions of the Act and regulations thereunder carried out. During the year a great deal of grouding has been done. In many instances this entailed considerable work on account of unsuitable soil conditions and the lack of metallic water mains.

The largest undertaking in overhead line construction was the building by The Calgary Power Co., of a high tension line to High River. This line, insulated for 55,000 volts, at present carrying 12,000 volts, will be changed to the higher voltage in the Spring, when a bank of transformers will be placed at High River, stepping down from 55,000 to 12,000 volts and will be used as a distributing point to serve the adjacent towns.

Okotoks will then be served by a 12,000 volt circuit, run back on the high tension poles to where the present Okotoks branch lines takes off the main line. The line from High River to the Aerodrome has been taken over and rebuilt by the Company, and from this point a new line has been built to Blackie. This line, insulated for 12,000 volts, is at present carrying 2,300 volts and will be raised to 12,000 volts in the Spring.

The United Electric Co., Ltd., has extended its transmission line to Strathmore. This company already serves Bassano, Cluny and Gleichen, and is becoming quite a factor in the electrical development of the province.

The Union Power Co., of Drumheller, has extended its 13,200 volt line to Carbon and has also taken over and rebuilt the distribution system in the Village.

The Three Hills Electric Light & Power Co., has built a 6,600 line to Trochu, wired the town and is enlarging its plant at Three Hills to take care of the increased load.

The largest new undertaking in the way of electric power plants is that which is being built for the East Kootenay Power Co., at Sentinel, Alberta. The initial capacity is 6,000 K.V.A. with provision for increasing the capacity as required. This is being built to augment the Hydro Power and to prevent interruptions of service.

During the year the plants at High River, Okotoks and Olds were taken over by the Calgary Power Co., while the one at Vegreville was taken over by the Northwestern Utilities Ltd.

During the year the following changes and improvements have been made:

At High River the steam plant has been discontinued, it now being supplied by Hydro. A 225 H.P. gas engine is used as a standby to operate the pumps in case of line failure. The Okotoks plant is also closed down, the switch board only being used.

The Northwestern Utilities at Vegreville has installed a new 100 H.P. Atlas Polor Deisel Engine directly connected to a 90 K.V.A. generator and expects to add another unit in the Spring to replace the steam plant.

The Cardston Municipal plant has installed a new 120 H.P. Fairbanks Morse Deisel Engine, directly connected to a 90 K.V.A. generator.

Camrose Municipal Plant has added a new Skinner Uni-flow Steam Engine and a 150 K.V.A. generator.

Claresholm Municipal plant has added a 200 H.P. Clark gas engine to replace the steam unit. It is belted to the old 125 K.V.A. generator.

The City of Calgary has been busy changing the poles from the streets into the lanes. The work is now being carried on in East Calgary and when completed should show a great improvement in the streets besides bettering working conditions.

The City of Lethbridge has installed a Mercury Arc converter to relieve the 200 H.P. synchronous motor that was used on the street railway machine, and which is now to be used in the Ellison Milling Co.'s plant.

The overhead lines of the city have been changed from two phase to three phase, thus giving the required spacing on the cross arms and showing to advantage the preliminary work of the last two years.

The City of Edmonton has let a contract to Parsons & Sons, of England, for 10,000 K.V.A. 12,000 volt, 60 cy. 3 phase generator to augment their supply, which indicates clearly the growth of electrical development in this city.

Noticeable changes have been made in the city's overhead lines and especially in the lane south of Jasper Avenue, where are located the heavy trolley feeders.

Improvements were also made in the overhead lines of the municipal telephones.

The town of Stavely has installed an up-to-date electric plant, consisting of a 30 H.P. Marshall Engine and a 20 K.V.A. 2,300 volt, 3 phase, 60 cy. generator.

Strathmore has been poled and wired by the United Electric Co., Ltd., and is supplied by it from its Bassano plant.

The town of Nanton had the misfortune to have its power house destroyed by fire. A temporary building is now being used until other arrangements can be made.

The following percentages will give an idea of the changes made during 1926, as compared with those of last year:

BANFF, Dominion Government .....	80%
BASSANO, United Electric Co., Ltd., private.....	75%
C. P. R. Hydro plant at dam.....	100%
BELLEVUE, West Canadian Colls., Ltd.....	90%
BLACKIE, Calgary Power Co.....	90%
BLAIRMORE, Municipal .....	90%
BLAIRMORE, West Canadian Colls., Ltd.....	90%
CALGARY, Municipal .....	90%
CALGARY WATER POWER CO.....	95%
CANMORE, Dominion Government town lighting system.....	95%
CANMORE COAL CO., LTD., private.....	90%
CAMROSE, Municipal .....	85%
CARDSTON, Municipal .....	75%
CASTOR, W. C. Auld Electric Co.....	90%
CLARESHOLM, Municipal .....	80%
CARMANGAY, Municipal .....	75%
CLUNY, Private, non-generating United Electric Co.....	85%
CARBON, Union Power Co.....	95%
COLEMAN, The McGillivray Creek Coal & Coke Co., Ltd.....	85%
COLEMAN LIGHT & WATER CO.....	75%
COCHRANE, Municipal, non-generating.....	80%
CORONATION, Municipal .....	85%
DIDSBURY, Municipal .....	95%
DRUMHELLER, Union Power Co., Ltd.....	85%
EDMONTON, Municipal .....	85%
EAST KOOTENAY POWER CO.....	90%
FORT SASKATCHEWAN, Municipal.....	90%
Alberta Provincial Gaol Power House.....	90%
FRANK, Municipal non-generating.....	80%
GLEICHEN, non-generating United Electric Co., Ltd., private .....	85%
HARDISTY, Hardisty Light & Power Co., private.....	50%
HANNA, Municipal .....	85%
HILLCREST, Hillcrest Collieries Ltd.....	80%
HIGH RIVER, Municipal .....	85%
INNISFAIL, Municipal .....	85%
LACOMBE, Municipal .....	85%
LEDUC, Municipal .....	90%
LETHBRIDGE, Municipal .....	80%
LLOYDMINSTER, Johnson & Son, private.....	75%
MEDICINE HAT, Municipal .....	85%
MAGRATH, Crane & Cassidy Electric Co., Ltd.....	85%
MIDNAPORE, City of Calgary.....	100%
MACLEOD, Municipal .....	90%
MORRIN, Union Power Co., Ltd., non-generating.....	90%
MUNSON, Union Power Co., Ltd., non-generating.....	90%
NANTON, Municipal .....	85%
OLDS LIGHT & POWER CO., Calgary Power Co.....	85%
OKOTOKS LIGHT & POWER CO., Calgary Power Co., non-generating .....	70%
PINCHER CREEK, Municipal.....	85%
PONOKA, Municipal .....	90%
Provincial Government Mental Hospital Power House .....	80%
RAYMOND LIGHT & POWER CO., private.....	80%
SEEBE, Calgary Power Co.....	85%
STONY PLAIN, jointly owned .....	85%
STAVELY, Municipal .....	95%
STRATHMORE, United Electric Co.....	95%
STETTLER, Municipal .....	85%
ST. PAUL DE METIS, St. Paul Supply Co., Ltd.....	40%
TABER, Leland Coal Co.....	60%
VEGREVILLE, Northwestern Utilities .....	80%
VERMILION, Municipal .....	85%
VULCAN, Vulcan Light & Power Co., private.....	85%

WETASKIWIN, Municipal .....	85%
WAINWRIGHT, Municipal .....	85%
WENO LIGHT & POWER CO., private.....	70%
Line to G. E. Kidd.....	85%
Line to D. D. Oughton.....	85%

The following minor or small low voltage plants were inspected this year:

Bashaw Light & Power Co., private.  
 Viking, McAthey & Jones Garage, private.  
 Islay, D. H. Moore Electric Light, private.  
 Manville Electric Light Co., private.  
 Mundare, Municipal, jointly owned.  
 Millet Electric Light plant, private.  
 Cayley Electric Light plant, private.  
 The Chipman Electric Co., private.  
 The Lamont Electric Light Co., private.  
 Irma Electric Light Co., private.  
 Lavoy Electric Light Co., private.  
 Ranfurly Electric Light Co., private.  
 Kitscoty Electric Light Co., private.  
 Morrinvile Electric Light Co., private.  
 Ryley Electric Light Co., private.  
 Youngstown Electric Light Co., private  
 Chinook Electric Light Co., private.

Plants have been installed at Daysland and Killam, but not inspected.

Where a plant is referred to as being jointly owned, the village owns the distribution system and the power plant is owned by a private individual.

### INDUSTRIAL PLANTS.

The largest undertaking under this heading is that of Spiller's Mill, at Calgary. They are putting in a sub-station containing 3-400 K.V.A. transformers, stepping the voltage down from 12,000 to 550 volts for use in the mill and elevator.

The Riverside Iron Works is putting in a sub-station containing 3-200 K.V.A. transformers, stepping down from 12,000 to 110-220 volts, for use in a new electric furnace. This is the third of its kind in Western Canada, one being in Winnipeg and one in Vancouver.

The Canadian Pacific Railway Company is installing all new electrical equipment in the Banff Springs Hotel, at Banff.

Industrial plants and installations inspected are as follows:

#### Calgary

P. Burns Packing Plant.  
 Imperial Oil Refinery.  
 C. P. R., Ogden Shops.  
 C. P. R., Alyth.  
 C. P. R., Power House, Centre Street.  
 C. P. R., Palliser Hotel.  
 C. P. R., Chateau, Lake Louise.  
 C. P. R., Banff Springs Hotel.  
 W. H. Cushing Co.  
 Calgary Brewing Co., Ltd.  
 Western Canada Milling Co., Ltd.  
 Customs Warehouse.  
 Robin Hood Milling Co.  
 Hudson's Bay Co.  
 Northwest Brass Co.  
 Canadian Government Elevator.  
 Canadian Sugar Factories Ltd., Raymond.  
 Technical School, Calgary.

**Edmonton**

Swift Canadian Co., Ltd.  
 P. Burns & Co., Ltd.  
 Canadian Government Elevator.  
 Provincial Government Mental Hospital, Oliver.  
 The Youville Convent, St. Albert.  
 Northwest Lumber Co.  
 Edmonton Brewing & Malting Co.  
 Edmonton, Dunvegan & B. C. Railway Shops.  
 Gainer's Limited.  
 Edmonton Cold Storage.  
 Canadian National Railway Shops.  
 Grand Trunk Pacific Shops.

**Medicine Hat**

Ogilvie Flour Mills Co., Ltd.  
 Lake of the Woods Milling Co., Ltd.  
 Hedley Shaw Milling Co., Ltd.  
 Dominion Glass Co., Ltd., Redcliffe.

**Lethbridge**

Ellison Milling and Elevator Co., Ltd.  
 Pioneer Lumber Co., Ltd.

**Electricity in and Around Mines**

Under this heading the following have been inspected:

The McGillivray Creek Coal & Coke Co., Ltd., Coleman.  
 The International Coal & Coke Co., Ltd., Coleman.  
 The West Canadian Collieries at Blairmore and Bellevue.  
 The Hillcrest Collieries Ltd., Hillcrest.  
 The Alberta Block Coal Co., Drumheller.  
 Hy-Grade Coal Co., Drumheller.  
 The J. D. Thomas Coal Co., Nacmine.  
 Star Mine, Great West Coal Co., Rosedale.  
 Rosedale Coal Co., Rosedale.  
 The Rosedeer Coal Co., Wayne.  
 Western Commercial Coal Co., Wayne.  
 The Ideal Coal Co., Wayne.  
 The Jewell Collieries, Wayne.  
 The Galt Mines No. 3 and 6, C. P. R., Mines, Lethbridge.

R. D. WAGNER,

Chief Electrical Inspector.
